

Inceptua is a specialty pharmaceutical company and a premium global service partner. Inceptua Pharma commercializes and markets orphan and specialty care products and have the expertise and capabilities to supply unlicensed medicines globally. Inceptua Services supports pharma and biotech companies with global clinical trial comparator sourcing, packaging and labelling solutions, pre-approval and medicines access programs and consulting

Inceptua partners with life science companies of all sizes, drawing on over 20 years of industry experience, and has global operations with local offices across Europe, North America, and Asia.

We recognize that investing in talented people creates value for our customers, our employees, our suppliers and the communities in which we live and work. Our success is based on the motivation, dedication and performance of our people. We strive to go the extra mile and achieve excellence in all our services.

We are hiring for the position of **Dynamics 365 FO and Report Developer** to be based in our offices in Berlin, Germany, for a start in Q2 2021.

You will report to the IT Director and be responsible for IT system, application and report development for the Inceptua Group. You will work closely together with IT colleagues and IT partners as well as all the employees within the Inceptua group.

Responsibilities include, but are not limited to:

- Develop and refine data entities, workflows, forms and templates in Dynamics 365 F&O
- Develop SSRS and Lasernet reports for Dynamics 365 F&O
- Assist in customization development in Dynamics 365 F&O
- Develop interface(s) between systems (i.e., D365 FO with other systems or databases)
- Design PowerBI reports and distribute reports to users.
- Manage development environment and server
- Develop LogicApp applications/workflow.
- Internal consulting for implementation and roll-out of modules in Dynamics 365 F&O
- Setup version control software and test environment
- Conduct module (unit) testing, integration testing, functional testing and requirements testing for system validation purposes, following GAMP 5 software development lifecycle process
- Implement EDI solutions between Dynamics 365 F&O and warehouses/depots/carriers
- Assist in data warehouse and BI development
- Assist in Sharepoint customization and development
- Establish, document and continuously improve IT processes relating to software/application development
- Execute the responsibilities according to lawful and ethical standards

- Work on joint projects with staff across the Inceptua Group and partner vendors
- Suggestions for improvement that benefit all employees with the IT department and the entire Inceptua Group
- Accomplish individual goals as per requirements determined by the IT Director

Your profile:

- You have a Bachelor of Science (BSc) in Computer Science or equivalent IT degree
- You have a minimum of 3 years of experience working in programming
- You are fluent in English
- You have a minimum of 1-year experience with Microsoft Dynamics 365 FO / AX programming.
- Competent with C# .Net and X++
- Competent with JavaScript
- Competent with SQL statements, SQL stored procedures / T-SQL, Trigger
- Expert in using Visual Studio IDE
- Experience with designing PowerBI, Lasernet and/or SSRS reporting
- Working knowledge with REST API and XML
- Understanding of relational database concepts and data-driven systems
- You are highly motivated and a reliable team player with a degree of confidentiality and courtesy
- You have good cross-cultural awareness and understanding, as well as excellent communication skills with the ability to communicate effectively and efficiently at all levels of the organization

This position is full-time, and we offer a competitive salary. We also offer a generous employee benefit package including attractive, central office locations, training courses, and a range of employee well-being perks.

Our company is home to employees from various backgrounds that speak a range of languages.

If you have a forward-thinking attitude and are ready to go the extra mile with us, we look forward to receiving your application.

Please send your application in English, including a covering letter, to **recruitment@inceptua.com**.
